

TWO-YEAR VISITING ASSISTANT PROFESSOR IN GENETICS

Department of Biology, Swarthmore College

The Department of Biology at Swarthmore College invites applications for a two-year visiting assistant professor position starting in August of 2019. Teaching responsibilities consist of one course with weekly laboratory sections each semester. The applicant's course offerings are anticipated to include a team-taught introductory cell and molecular biology course, an intermediate-level genetics course, and another intermediate course aligned with the applicant's interests. Additionally, there may be an opportunity to teach an advanced seminar-style course (with laboratory projects) in an area that is complementary to our existing curriculum. Funds are available for travel to professional meetings and to support undergraduate research students during the academic year and the summer.

Located in the immediate suburbs of Philadelphia and just 20 miles from Wilmington DE, Swarthmore College is a highly selective liberal arts college whose mission combines academic rigor with social responsibility. Swarthmore has a strong institutional commitment to diversity, and actively seeks and welcomes applications from candidates with exceptional qualifications, particularly those with demonstrable commitments to a more inclusive society and world. Swarthmore is an Equal Opportunity Employer. Applicants from traditionally underrepresented groups are strongly encouraged to apply. For more information on Faculty Diversity and Excellence at Swarthmore, see <http://www.swarthmore.edu/faculty-diversity-excellence/information-candidates-new-faculty>

Applicants should have a Ph.D., teaching experience, and a strong commitment to undergraduate education. The strongest candidates will be expected to demonstrate a commitment to teaching that speaks to and motivates undergraduates from diverse backgrounds.

All application materials (cover letter, curriculum vitae, statements of teaching and research interests, and three letters of recommendation) should be submitted online at apply.interfolio.com/59011. Review of applications will begin on February 25th, 2019. For more information, please visit our website at www.swarthmore.edu/biology. Questions regarding this position should be addressed to the search chair, Brad Davidson, at genetics_search@swarthmore.edu
